FIBER BROADBAND ACTIVATION PERMIT

DATE: _____ NAME: _____

ADDRESS: _____ CITY/ST: _____ ZIP: _____

CONTACT PHONE: _____ CONTACT EMAIL: _____

I agree to allow PSC/SIP, and/or their hired contractor(s) access to my premise for the purpose of installing fiber optic cable for telecommunication services. I further submit that I am the legal owner of the property listed.

This form grants PSC/SIP the right to construct, operate and maintain a communications line or system on, over or under the premise noted above. By signing, I hereby grant PSC/SIP (or its contractor(s)) access to my premise for the purpose of installing, repairing, maintaining or removing any services to my premise.

If installing a buried drop, PSC/SIP (or its contractor(s)) will contact the Indiana Underground Plan Protection Service (IUPPS) to locate existing public utility lines. Private utility lines such as sprinkler systems, buried lines to our buildings, septic systems, drains, etc. are not part of the IUPPS location responsibilities. In effort to prevent disturbing private utilities, please let us know of any private line locations and provide us with a telephone number where we can reach you to discuss their location. (Please use flags or paint when marking private lines.) If damage is caused as a result of an error in line markings, PSC/SIP will not be held responsible for damages.

Attach comments and/or sketches regarding existing private utility lines.
